23 funds, including but not limited to the circumstances  
24 enumerated in the Code section, the school budget review  
25 committee may grant supplemental aid to the district from  
26 certain funds appropriated to the department of education for  
27 the use of the school budget review committee or may establish  
28 a modified supplemental amount for the district, or both.

29 This bill adds an additional circumstance under which a  
30 school district may request such amounts from the school budget  
31 review committee.

32 Under the bill, if the percentage of students enrolled  
33 in the school district as the result of open enrollment is  
34 equal to or greater than 35 percent of the total number of  
35 students enrolled in the school district, such circumstance is

1 an unusual circumstance. Prior to filing a request with the  
2 school budget review committee, the school district must first  
3 hold a public hearing on the issue. The committee shall not  
4 approve supplemental aid or a modified supplemental amount that  
5 exceeds an amount equal to 50 percent of the product of the  
6 net increase in the school district's enrollment due to open  
7 enrollment multiplied by the sum of the following amounts: (1)  
8 the difference between the district's regular program district  
9 cost per pupil minus the regular program state cost per pupil;

11 (3) the professional development supplement district cost per  
12 pupil; (4) the early intervention supplement district cost per  
13 pupil; and (5) the per pupil amount distributed for the school  
14 budget year under Code section 423F.2.
